

# Northwestern Seashore Life: A Folding Pocket Guide to Familiar Plants & Animals (Pocket Naturalist Guide Series)

Stretching from Oregon to Alaska, the northwestern coastline encompasses a variety of diverse habitats that are home to thousands of species of plants and animals. This beautifully illustrated guide highlights over 140 familiar and unique species of seashore birds, mammals, seashore creatures, seashells, nearshore fishes and plants. It also includes a tidal zone map that shows at what tidal depth the species occur. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by visitors and residents alike.
