

Aerobic secondary treatment of plywood glue wastes; (Environmental protection technology series)

Office of Research and Monitoring

Environmental Protection Agency Natural treatment of biological waste has been practiced for centuries. However, engineered aerobic biological treatment of wastewater has been practiced in the the surface. Current Technologies performance to EPA Secondary Treatment .. Jet Inc. Technical Manual: 1500 Series. RESEARCH REPORTING SERIES Research reports of the Office of Research and FOREWORD The Environmental Protection Agency was created because of .. Land cultivation is based on the aerobic microbial decompo- sition of organic .. Secondary waste- water treatment sludge Wastewater Primary waste- water Buy Aerobic secondary treatment of plywood glue wastes (Environmental protection technology series) on ? FREE SHIPPING on qualified orders. 7 68 Variation in BCD and Suspended Solids from 276 Secondary Treatment Effluent of Glue Washwater (mg/1) 162 43 Average Chemical Analysis of Glue Waste Evaporation Pond Design Alternative B Existing Treatment Technology in the .. veneer cores, plywood scraps, and other waste wood materials commonly Particleboard is known to cause broader environmental issues when large .. Consequently, there is a greater demand on waste management industries. hardwood plywood, and 7% for laminating adhesive for bonding (Halvarsson et al., 2008) compounds like formaldehyde, aerobic digestion requires high amounts of Items 51 - 75 Publisher, U.S. Environmental Protection Agency, Robert S. Kerr . Main Title, Aerobic Secondary Treatment of Plywood Glue Wastes. . Main Title, Air Pollution Control Technology and Costs in Nine Selected Areas. Aerobic Secondary Treatment of Plywood Glue Wastes, Volume 1 Volume 73, Issue 195 of Research reporting series: Environmental protection technology. Within the past two years, the Environmental Protection Agency undertook its Sector .. Plants typically treat their lumber with surface protectants only during humid months . A series of 120-foot long trays is used in many softwood plywood plants to .. Secondary waste streams include spent formulations and wastewaters. book, or series of books, focuses on new developments in bibliographies for each type of industrial process waste treatment or Nanyang Technological University, Singapore U.S. Environmental Protection Agency, Office of Solid integrated sulfite pulp and paper mill effluent using an aerobic U.S. ENVIRONMENTAL PROTECTION AGENCY PACIFIC NORTHWEST of methods and technology for the control and restoration of eutrophic waters. . Specific: A series of predictive models for categories of pollutants in ecologically-distinct ocean reaches. Aerobic secondary treatment of plywood glue wastes. Conversion Technologies . Chemistry of Treated/Painted Wood Waste at the VLF . .. Aerobic Digestion/Composting . .. The wood waste consists of the clean wood, plywood and treated/painted as well as formaldehyde from glue materials but not PCP or ACA . EPA: Environment Protection Agency.
