

## Native Lands (Florida Fiction Series) (Volume 3)

Native Lands is a novel rich in intrigue and history as a tribe of Native Americans, thought to be extinct, fight to save their beloved heritage. They join with others willing to sacrifice everything to save further destruction of the Everglades and St. Augustine. Forbidden loves, deceptions, and murder threaten to destroy nature and families in a saga stretching from the 1760s to the present day. Join Locka and Mali as they lead their tribe of Timucuan away from the Spanish near St. Augustine in 1760 and settle into a new life in the Everglades alongside the Calusa Indians. Their progeny grow up in the Everglades, attempting to keep their bloodlines pure. By 2010, Mangrove Mike, Joey Cosmos, and Rob Zodiac live among the white people and learn that the human connection transcends the fear of extinction of their people. Barbara Evans in the Everglades and Emily Booth in St. Augustine are the glue as the different cultures combine forces to fight a conglomerate of international interests. Its a dangerous journey as this oddly matched group attempts to halt the destruction of the natural world they treasure. Cultural boundaries established centuries ago are erased as love and nature seek the balance lost during the battle for power and control of the last of the Florida frontier.
