

From This Hill, My Hand, Cynthianas Wine

From This Hill, My Hand, Cynthianas Wine is more than just a book about wine it is a work of environmental philosophy blending the values and ideals of aboriginal Americans with ecologically-minded commentators admired in European-American history and contemporary letters. Here we find Henry Thoreau, Aldo Leopold, and Wendell Berry to be philosophical brothers of Chief Seattle. By grounding abstract environmentalist concepts in the gritty reality of growing wine grapes, author Paul Roberts shows how small-scale farming, using sustainable principles to offer diverse creations, can bring humans and nature into closer harmony.
