

The Unwashed Dead (Zombie Armageddon Book 1)

The few law-abiding citizens left alive in Breakspear Gardens have locked their doors and shut the curtains on this Friday night. They dare not venture out after the sun goes down. The druggies, drunks, and feral kids rule the streets in the roughest housing project in northern England - a place where anything can be had, at a low price - the neighborhood you never want to live in. Tonight, the streets are strangely quiet. Headaches, nausea, and sickness are targeting criminals and residents alike. The untainted soon discover the horror of their plight, as their friends, families, and neighbors begin to die ... and are reborn as voracious, ravening beasts! A small group of desperate survivors battle their way through hordes of blood-crazed zombies, trying to reach help just beyond the boundary of the estate, only to find soldiers at every exit, shooting anything that moves.

Can this dwindling group of terrified survivors avoid the newly-dead and win their way to freedom? They need to find a way out, and fast, before the authorities weapons vaporize the area, transforming Breakspear into Hell on Earth!
