Godsland and Lakeland are no longer alone, as new villages grow and prosper in a world of fjords, forests and mountains, all of it claimed in the name of Odin. Competition between the rival halls of Ravens and Wolves continues, but now they must face a challenge that comes heralded by wailing horns and a horizon stained with smoke. Can the young settlements survive? But this is not the only threat to the Norse of Markland. Across the sea in their peoples ancient homelands there are those who are jealous of the prosperity they see rising in the west. War is coming to Markland.
