

The Joy Device (New Adventures)

Used Book

Another Girl, Another Planet is an original novel by Len Beech and Martin Day featuring the fictional archaeologist Bernice Summerfield. The New Adventures were a spin-off from the long-running British science fiction series Doctor Who. The Joy Device is the twenty-second novel in the series, written by Justin Richards. It was published in October 1999. The cover art depicts a futuristic city with a large, ornate building with yellow domes and a waterfall in the foreground. The title 'THE JOY DEVICE' is written in a stylized, metallic font at the top. The author's name 'JUSTIN RICHARDS' is at the bottom.
